Subject: Protective Order

Attached is a request for a protective order filed against State Senator Charles Perry for stalking and harassment. This has been an ongoing problem for five years that escalated during the State Senate race and forced me to leave the state of Texas. Mr. Perry has been asked repeatedly verbally and in writing to cease and desist these activities to which he replies "I can't."

Mr. Perry has hacked my computer, email accounts, social media accounts and used that private information to interfere with relationships and work. Mr. Perry will never admit to these activities however taking this to court was the option of last resort. My family and I have been forced to take these actions in order to just be able to enjoy a normal peaceful life. All he has been asked to do is leave me alone. There is no part of my life that is any of his business or concern and it is unfortunate I have had to take such drastic steps in order to avoid his constant harassment. I trust that from here on out Mr. Perry will simply go on with his life and leave mine completely alone.

The above are my official comments and beyond that there is really nothing more to say.
